BRAINS—
Brings comfort and improvement when rightly used. The many, who live better than others, enjoy life more, with less expenditure, by more promptly adopting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embodied in the medicine, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectively cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all drugists in \$6 and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

THE OPEN SWITCH.

AN ESTABLISHED SAFEGUARD.

Anybody who travels by car knows what is meant by "the open switch." It is the term of railroads—and the dread of the traveler. Accidents—killed, horribly maimed or maimed for life—are numbered by the score each year.

Yet even the dreaded "open switch" is not so widely fatal as is a certain disease, which, without causing its activity for an instant, is daily killing hundreds of graves.

What is that terrible ailment? You ask. It is Heart Disease?" But," you reply, confidently, "I haven't any heart disease—my heart is all right."

Dr. Franklin Miles, of Elkhart, Ind., the distinguished specialist in diseases of the heart and nervous system, states that disorders of the heart are as common as those of the lungs, liver, stomach, bowels or kidneys, though often unsuspected. The reason people are not aware of this important fact is because symptoms of heart disease are not usually recognized as proceeding from this organ, but are attributed to some other source. If you have shortness of breath, fluttering or palpitation, pain or tenderness in left breast, shoulder or side, oppressed or choking sensation, fainting or smothering spells, your heart is affected.

"I had been troubled with heart disease for years. My left pulse was very weak, could at times scarcely feel it, excitement would weaken my nerves and heart, and fear of impending death stared me in the face for hours. *Miles' New Heart Cure* is the only medicine that has given promise of any benefit and cured me."—E. M. DYER, Cincinnati, Ohio.

"My wife has taken Dr. Miles' New Heart Cure for the Heart. She thinks it wonderful. She has not been troubled with pain or smothering spells since using it. We have also used Dr. Miles' Pills, and we find these all they are claimed to be."—GEO. L. FINE, Philadelphia, Pa.

These and hundreds of similar testimonies are convincing proofs of the wonderful powers of Dr. Miles' New Cure for the Heart. It is effective, agreeable, and above all, SAFE. Sold by druggists on a positive guarantee, or Dr. Miles' Medical Co., Elkhart, Ind.

Mandrake Pills have a value as a household remedy far beyond the power of language to describe. The family can hardly do itself that does not keep them on hand for use in emergencies.

MANDRAKE

Is the only vegetable substitute for that dangerous mineral, MERCURY, and while its action as a curative is fully equal, it possesses none of the pernicious effects.

In Constipation, Mandrake acts upon the bowels without disengaging them to subsequent contusions.

No remedy acts directly on the liver, nothing so speedily cures SICK HEADACHE, FEAT STOMACH and all PILLS.

Life lines were rigged, but despite this precaution one of her crew was washed overboard by a comber that came over the bow and was drowned. Several other members of the crew were injured and the ship was considerably damaged.

The gunboat Gleaner, a twin screw vessel of the first class, was proceeding for Gibraltar in company with the Resolution. She was not seen by the latter vessel after the gale set in.

The admiralty authorities here refuse to give any information concerning the damage sustained by the Resolution.

LONDON, Dec. 24.—Although the sailing has adjourned leaving the ministry triumphant along the whole line, great uncertainty prevails in official quarters concerning the future. The confidence of the monarchists, hitherto unshaken, is now decreasing. No disastrous defeat is expected, but the ministers feel that their position has been shaken by the growth of popular feeling against all the new tax proposals except the one affecting the hours.

Dr. Miguel, Prussian minister of finance has given a valuable interview explaining the situation, to the editor of the Deutsche Warte. He complained to the editor that the lack of large, solid parties in the Reichstag hindered the finance reforms. "The old groups had crumbled to pieces," he said, "and each of the new ones must be approached in the way of its special interests. This state of affairs prevented Germany from becoming a strong centralized state." It is evident that Miguel ignored the fact that the government forged its recent success to the chance manipulation of the small parliamentary factions. These successes would have been impossible had the large, compact groups still existed.

Out in a Blizzard.

Mr. J. P. Blaize, an extensive real estate dealer in Des Moines, Iowa, narrowly escaped one of the severest attacks of pneumonia while in the northern part of that state during a recent blizzard, says the Saturday Review. Mr. Blaize had occasion to drive several miles during the storm and was so thoroughly chilled that he was unable to get warm, and inside of an hour after his return he was threatened with a severe case of pneumonia or lung fever. Mr. Blaize sent to the nearest drug store and got a bottle of Chamberlain's Cough Remedy, of which he had often heard and took a number of large doses. He says the effect was wonderful and in a short time he was breathing quite easily. He kept on taking the medicine and the next day was able to come to Des Moines. Mr. Blaize regards his cure as simply wonderful. For sale by Peck Bros. druggists, 129 and 131 Monroe street, and F. J. Wurzburg, 59 Monroe street.

CAPRIVI'S BOLD STROKE.

He Forced Eulenburg to Cease His Opposition.

(Copyright 1893 by the United Press.)

BERLIN, Dec. 24.—Since the commercial treaties with Roumania, Spain and Servia were passed, Chancellor Caprivi has professed to be tired of his office and willing to resign immediately after the passage of the treaty with Russia.

The conservative agitation against the chancellor is more energetic than ever.

Count Botho zu Eulenburg, Prussian premier, having found his intrigues thwarted by the emperor's cold shoulder or prodding has gone over to the chancellor's side completely. In the last few days and the present friction between the two statesmen has given Eulenburg never ventured upon active opposition. His resistance has been passive, although it frustrated the emperor and chancellor none the less.

It is an open secret that the chancellor made an explicit statement at the Prussian cabinet council last week concerning the effect of Bismarck's policy in hampering imperial affairs.
